Our Elements™ Collections are Pre Designed Medallion Decor options, with an "Element" of client personalization. With our Elements™ Stone Medallions, each individual client can choose their own unique Design and Materials combination, to create a completely personalized product. In the following pages, are 1000's of available Custom Design Combinations. Look, Find & Create. Once the Clients Design is finalized we will make the custom medallion, by hand, and have it ready to ship anywhere in the World within just 15 Days. 100% Custom "One of a Kind" Creations are also available, please inquire.

The M-11 Medallion Design for example has 10 standard color options in it's design. Featured are two examples, one using 3 colors and one using two. It's easy to see here just how many options there are for each and every client to create a very special Medallion for their individual design needs.
